

ACE Graduation Recognition and Planning Form

In order to be recognized as an ACE graduate, you must complete certain requirements and have your final contract signed upon completion. Any ACE teacher can certify that you have completed the requirements for ACE.

The levels of recognition within ACE at graduation are based on the following criteria:

Coursework:

You must complete the courses listed on the ACE Aeries page for your pathway. If you are doing a custom pathway without a defined course sequence (such as Auto Tech, for example) you would need to have an ACE Teacher sign off on the courses you completed and plan to take to make sure you meet a rigorous course schedule. Verify you have done everything in the pathway list shown below. Please note: this is not a comprehensive list. See the course requirements lists on the ACE web site for more information.

Year	Bio Medical Technology	Robotics	Visual Art	Transportation	General Studies/ Custom Pathway
9-12	HS graduation requirements	HS graduation requirements	HS graduation requirements	HS graduation requirements	HS graduation requirements
9-12	a-g requirements	a-g requirements	a-g requirements	a-g requirements	a-g requirements
9-12	One AP class	included	one AP Class	CP or AP Physics	one AP Class
9	Principles of Biomed Sciences		*Fundamental visual art		*As specified by advisor
10	Human Body Systems		*Draw with Ease/ Intro to Cartooning		*As specified by advisor
11	Medical Interventions	Physics (CP or AP) Intro to Robotics	* Ceramics, Painting or Advanced Cartooning	Auto Tech 1	AP Seminar** or *As specified by advisor
12	BioMedical Innovations	AP Computer Science Robotics II	*Independent Art	Auto Tech 2	Astro/Physics Research AP Research** or *As specified by advisor
10-12	Public Project	Public Project (Engineering in Science Fair, FRC)	Public Project (Show or Portfolio review)	ACE Showcase	Public Project (Science Fair or ACE Showcase)

** Under Development

* Many other combinations are possible. Consult with your advisor.

ACE Graduation Recognition and Planning Form

Name: _____ Year of graduation: 2018 2019 2020 2021

Graduation Status

I am eligible for or working towards _____ ACE recognition _____ ACE with HONORS

ACE Graduation Status Desired	UC/CSU eligibility	Pathway classes completed	Public Project	AP Classes	Graduation recognition
ACE with Honors	Yes	All	2 minimum	Pass ONE	Yes
ACE	Yes	Most	1 minimum	optional	Yes

Pathway name:

BioTech
 Robotics
 Visual Art
 Transportation (Auto Tech)
 General Studies specializing in _____
 (leave blank if no area of specialization)

Pathway Course Requirement

List courses you completed in your pathway below. See the first page for a list.

a-g Requirement: Check here if you have completed your a-g requirements: _____

AP requirement: One course must be AP level. You have to pass the course. Course name:

Public Project:

You must complete at least one publicly presented project. This can be a science fair project, an ACE Showcase project, a JHSH Presentation, FIRST robotics, Think Tanks, a showing at a gallery, or other appropriate venue. You need TWO projects to get ACE with Honors recognition.

Describe your project(s):

Where were your project(s) presented: _____

If you won any awards or recognition from anyone for this project (not required) please list it below: _____

Project Advisor's name/Signature: _____

(This signature indicates you are eligible for the ACE recognition at graduation.)

ACE Graduation Recognition and Planning Form

EXIT QUESTIONS

1. Are you going to college? If so, where?
2. What are you planning to major in?
3. Did your work in ACE have any influence on your college plans at all? Please explain.

ACE GOOGLE CLASSROOM INSTRUCTIONS

TELL US WHAT YOUR PLANS ARE VIA GOOGLE CLASSROOM

IF YOU DO NOT REGISTER VIA GOOGLE CLASSROOM YOU MAY NOT RECEIVE ACE GRADUATION ACKNOWLEDGEMENT.

STUDENTS: Please log into your dvhs google account and follow the directions below.

If you've never logged in before:

There is an account already created in your name in Google classroom. Go to <https://classroom.google.com/h> and sign in using username FLnameYYYY@dvhsantioch.org, where F is your first initial Lname is your last name, YYYY is the year you will graduate. The default username is dvhs123456. Once you log in, change your password. Then, look for an option to join a class with a class code.

The class code for ACE is oeoawn. This will automatically connect you to ACE, and give you the assignment to complete the information survey we are doing to find out which pathway within ACE you will be working.

Complete the survey and submit it. See Mr. Adkins in 511 after school on Fridays if you have problems.

SPECIAL INSTRUCTIONS

If you are Biotech / Biomedical Research PLTW pathway, you must pick that option when asked. If you are not, you cannot switch to Biotech without talking to Ms. Woodall first.

If you are an upperclassman, and you know you used to be a "major" in the old ACE system, please pick "General Studies" and tell us your specific area of interest in the extra question that pops up after you make that choice.

Eventually we will do class pullouts and ask you to meet with us in subgroups. Eventually we will talk to each of you personally, but you can talk to any ACE teacher about your work at any time.
